trucks go to fast around the  
corner's and to close to the  
people. I ride my horse down the  
roads. I don't like to get  
scared by the fast gravel trucks.  
because the horse gets upset and

it scares me. Rocks could hit  
me when trucks go by. At  
bus time is the dangerous time.  
It is not a good time to  
come around the corner at  
bus time. When trucks go by  
house upon the road they can  
make the road into a wash-  
board and this is suppassst.
